

Description

Premium Fish Feeds

Most respected and widely used marine larval and grow-out fish feeds in Japan and North America!

- **Balanced diets ideally suited for virtually all finfish**
- **Amazingly clean—excellent particle integrity in water**
- **Contains high content of krill to enhance color**
- **Made with select raw materials with easily-digested proteins and high quality lipids for optimal nutrition**
- **Excellent profile of HUFAs, phospholipids, vitamins and minerals**
- **Contains yeast beta-glucans for immune stimulation**
- **Large range of granule and pellet sizes**
